Today, I participated in a conference call with Missy Milbeck and staff, along with Region 8, and 9.

Among other things they wanted to submit one request to headquarters for money to cover additional cost for the Gold King Mine Spill through the end of the fiscal year.

Ralph Ferguson and I worked on some numbers based on what we know to date in Region 6. We are projecting that Region 6 will spend approximately \$6.2 million for salary, overtime, travel and START costs. Since we have no ERRS costs reported yet, we agreed to submit a figure that equals Region 8 projected ERRS costs.
